Memorial Day

Today, May 30, is Memorial Day, a day that was originally set aside to remember the military veterans who were killed in the various wars the United States has engaged in.

We in the Gay community are engaged in a war of our own, and have been for the past ten years. It gives us cause to reflect on these past years and remember our brothers and sisters who have passed from this world for various reasons, but certainly the most common cause of death in the homosexual community in this decade has been from complications from the dreaded Acquired Immune Deficiency Syndrome - AIDS.

We think is only proper that on this Memorial Day 1990 we take time to remember our dead. Those from Pima County who have passed from this life. Those listed here are by no means a complete list but is compiled from names which we received from various sources.

Because their name appears here should not be taken as an indication of the sexual orientation of the individual although many were openly Gay or Lesbian people. And not all died of the AIDS virus, although by far the majority fell victim to this terrible disease.

May they rest in peace.

Another Memorial Day and the list keeps growing. And the end is not in sight and we are informed that the worst is yet to come!

Although we in the Gay community are probably the best informed about Acquired Immune Deficiency Syndrome-AIDS -- and have changed our ways, according to the monthly statistics we are still paying for or indiscretions of years past.

Today safe sex practices are the norm with a large percentage of Gay people, because it has been shown that such practices are effective. Dramatic decline in the number of new cases in San Francisco shows graphically the fact that safe sex works.

In following these practices, we are seeing a slowing down of new HIV+ cases, but the number of Gays who were infected before the 'word' got out continue to show up in the statistics.

We see from most of our elected officials a serious lack of education concerning HIV, ARC, AIDS - ignorance, misinformation and a complete lack of compassion for this dread disease. As long as these officials view AIDS as a 'Gay' disease, the worse the problem will be as it takes its deathly course through the heterosexual community, and it surely will.

As living proof of this ignorance, bias, bigotry and lack of knowledge about the disease and homosexuality, many of our fallen brothers and sisters are unable to be

UPDATE

CHORUS CONCERT POSTPONED

TUCSON - The Tucson Metropolitan Community Chorus concert which was scheduled for last Friday evening, May 25 was forced to be postponed. The soprano section and one of the group's tenors were involved in an automobile accident on their way to a rehearsal.

"The accident came as a shock to all of us in the chorus," said John Kissler director of music. "We felt it was better to postpone our performance until such time when they have completely recovered from their injuries."

The Chorus has worked very hard the past 15 weeks preparing for the "Spring Fever Concert".

All tickets purchased in advance from Chorus members, Antigone Books or Books Brothers will be honored at the next performance as soon as a date is set. All patrons should hold on to their tickets. "We hope the community will understand and will plan to attend our rescheduled performance," said Kissler.

Those who would like a refund for their tickets should mail tickets to: Tucson Metropolitan Community Chorus, P.O. Box 40036, Tucson, AZ 85717-0036 and be sure to include your name and address. Watch the OBSERVER for further details.

GAY JEWISH GROUP FORMS IN TUCSON

TUCSON - 'Chai Group', a group of Jewish Lesbian and Gay men has formed in Tucson. The group will hold its third formational meeting at Temple Emanu-El from 7:00 to 9:00 p.m. Thursday, June 7, in the Board Room. Temple Emanu-El is located at 225 N. Country Club. All interested persons are urged to attend.

a.k.a. THEATRE TO OPEN SUMMER SEASON

TUCSON - a.k.a. Theatre Co. will be opening it's hot Summer Season with the comedies "Anything You Want To" and "The Further Adventures of Nick Danger, Third Eye" by the Firesign Theatre. Adapted for the stage and directed by David Sullivan.

The plays originally aired on the famous Firesign Theatre radio show. Both pieces are absurd comedies with an emphasis son the farcical.

The show runs May 30 through June 24 - Wednesdays - Sundays at 8:00 p.m. Tickets are $7.00 and there are discounts available. Bring a can of food and get a dollar off. All food collected will go to benefit the Tucson Community Food Bank.

a.k.a. Theatre is located at 125 E. Congress. For reservations please call 623-7852. Tickets are also available at the box office which opens at 7:00 p.m. on show nights only.

STUDENTS JEER GAY RIGHTS SUPPORTERS

NEW BRITAIN, CONN. - Gay rights marchers were jeered by dozens of Central Connecticut State University students as they marched through driving rain to protest the beating of a Gay man on campus.

"Go home homos", students yelled, leaning out of their dormitory windows and gathering in doorways as about 30 people marched in the quadrangle outside. "Give me something to throw".

Gay rights supporters held the march to protest homophobia and denounce an attack against a Gay man who was visiting the school. Campus police arrested Eric Cusson, 20, a CCSU student from Franklin, Mass., and charged him with second-degree assault.

"We have to stand up for ourselves," said the president of CCSU Pride, an organization of homosexual and bisexual students, who asked to be identified only as Paul. "When someone is beaten up, we can't sit around and say nothing.

The victim of the beating was treated at New Britain Hospital after his bottom teeth were knocked inward, was attacked as he left the dormitory of a friend who was a student, Paul said.

ARMY WON'T ASK PAY-BACK BY GAY MAN

NEW HAVEN, CN (AP) - The Army will not force a Gay man expelled from ROTC to repay a $25,000 scholarship, (OBSERVER, April 18), but it denied his request to be commissioned and serve in the military, his lawyer said.

The Army emphasized that its decision in the case of James Holobaugh was based "solely on the merits and circumstances of this particular case," according to a memo sent to his attorney in New York.

Holobaugh, 24, was informed last Thursday, by telephone of the Army's decision, and a written confirmation was received on last Friday, said Bill Rubenstein, an attorney with the ACLU's Lesbian and Gay Rights Project.

Holobaugh graduated on Friday from Washington University in St. Louis, where he had been a top performer in the Reserve Officers Training Corps. He even had appeared in an Army ROTC recruiting ad.

identified as being Gay or even to publish their name in a Gay-oriented publication.

When we see the names - Todd B., Steve C., Charles, Gregory, Harold J. Tim S., Steven, Thommy Tito, Tony, and on and on. People with no last names. People who lived in fear of others finding out that they had a specific sexual orientation, that they were Lesbian or Gay while they were alive, are still not allowed the common decency of identification after death. The pity of it all that even in death their identity remains unknown.

This ultimate form of bigotry must cease!

TAP Receives $50,000 Grant From AmFAR For M.E.N. ALOUD

TUCSON - The American Foundation for AIDS Research (AmFAR) has awarded a $50,000 grant to the Tucson AIDS Project (TAP) for its M.E.N. ALOUD (Masculine Erotic Noise ALOUD) project, a prevention program for Gay and Bisexual men. The grant will begin June 1, and run through May 31, 1991.

AmFAR has funded AIDS research since 1985, and has been a national leader in the fight against AIDS. The grant to TAP is one of only five awarded nationwide in the category of "men at risk". AmFAR has awarded another grant for $50,000, also in the "men at risk" category, to another Tucson-area agency. The other three grants were made in other states. In all, AMFAR identified four different categories for its new Targeted Education Grant Program, of which "men at risk" is one category. More than 650 initial letters of intent were submitted from around the country for all four catagories, and 23 projects were funded.

Gay and Bisexual men represent 79% of all AIDS cases diagnosed in Pima County, yet there has been a historic lack of funding through traditional sources for this community. Since 1988, when the Centers for Disease Control (CDC) first made funding available, only $89,000 in government money has been distributed for such programs in Pima County. This is in contrast to more than $2,000,000 Federal dollars received for I.V. drug users and their sexual partners. Given the number of persons reached through these funded programs, the per capita expenditure for Gay and Bisexual men is $6.35 as compared to $250 per capita for IV drug users.

"The AmFAR awards in Tucson will help redress that imbalance," TAP Director of Prevention Services, Amy DeGroff said. "Our project will focus on Gay and Bisexual men through a combination of outreach workshops, theatrical productions, phone lines and other programs." DeGroff will serve as the principal investigator for the AmFAR grant.

The grant to TAP is for "MEN ALOUD, A Prevention Program for Gay/Bisexual Men". This multi-faceted, multi-cultural program will deliver prevention messages, strategies and support to men who have sex with men, addressing four major components of behavior modification: awareness, knowledge, behavior changes and maintenance of safer behavior. Elements of the proposed program include erotic, safer sex theatre performances; outreach to men who have sex in public sex environments; and a male-to-male phone line.

TAP Executive Director Crag Snow noted that "M.E.N. ALOUD" is designed to complement existing programs for Gay and Bisexual men. Some of these are grant funded, but most have been run for several years through the generosity of Lesbian and Gay donors and volunteers and Gay and Lesbian businesses that support the various AIDS service organizations."

"The AmFAR award is very exciting," said DeGroff, "We've been trying for years to attract a significant amount of money for education and prevention services among Gay and Bisexual men."

"We are especially pleased to have been chosen by AmFAR," said Snow. "The American Foundation for AIDS Research is one of this nation's leaders in AIDS education and research, and it's gratifying to be so signally recognized by AmFAR. I think the fact that AmFAR made two awards in this city demonstrates in what high regard Tucson's accomplishments, particularly in the Gay and Lesbian community, are held nationally."

Snow cautioned that "we shouldn't forget that this money is restricted to use for prevention and education efforts. There is still a major need in our community for support for client services, a need which grows every year and the numbers of people with HIV disease increase. We must continue to rely on the generosity of individuals to meet this need."

Tucson Pride Week Plans Begin To Take Shape

TUCSON - The Tucson Lesbian/Gay Alliance (TLGA), the coordinating committee for the Lesbian and Gay Pride Week activities in Tucson has been meeting weekly for the past two months working on fund raising and plans for Pride Week 1990 activities.

Landlady Says Frank Never Knew Of Prostitution

WASHINGTON, DC (AP) -Rep. Barney Frank, D, Mass., was "stunned" to discover his Capitol Hill home was being used by a male prostitute to sell sex, according to a letter written by Frank's former landlady that was released last Thursday, May 10.

Frank released the letter in response to comments made by a female prostitute who said Frank knew Stephen Gobie was running a prostitution ring from the apartment.

The female prostitute insisted Frank knew his residence doubled as a brothel. The woman, who said she sold sexual services from Frank's apartment along with Gobie, reportedly is telling her story to the House ethics committee which is investigating Frank's relationship with Gobie.

Frank said the woman's statements, which first appeared in the March issue of Penthouse magazine, "are complete lies, fabricated stories about events which did not happen."

The former landlady, Mary Jo Daugherty, gave her sworn statement Oct. 25 to the ethics committee, officially the Committee on Standards of Official Conduct.

She said she became aware in the summer of 1987 that different women - and, on one occasion, men - would visit Gobie at Frank's residence.

"Until this type of activity began to occur, it never dawned on me that prostitution might be taking place," she said, noting that Frank moved into the basement apartment in 1983.

"I Called Congressman Frank and reported what I had observed," Daugherty said. "He seemed stunned. I never saw Gobie again."

She said "none of the activities" occurred when Frank was present.

Frank, a homosexual, admitted that he paid Gobie for sex when they first met. However, Frank said he later hired Gobie as a personal aide in an effort to turn Gobie's life around.

Rep. William Dannemeyer, R-Calif., has promised to introduce a resolution to expel Frank - a move that would force at least a procedural vote.

Frank, first elected in 1980, has announced he's running for a sixth term.

POLITICS '90

by Mark R. Kerr

Mr. Ed Buck, instigator of the Mecham Recall, spoke recently at the May meeting of the Old Pueblo Business and Professional Association. Some of the comments Mr. Buck made merit a response.

On the Arizona Republican Party, Mr. Buck stated that, "the party is in peril. It may fall into the hands of the Evanists". Hasn't the Arizona Republican Party already fallen to them since Linda Barber Mecham's Chief-of-Staff for his Southern Arizona Office is the chair of the Pima County Republicans.

What about the Pinal County Republicans? This group speaks in "tongues" and was one of the main backers of the "Christian Nation" resolution.

What about Jim Skelley Leslie Whiting-Johnson, Stan Barnes from Maricopa County? Mr. Buck I say to you the party has fallen to the Evanists!

On his political activism Mr. Buck has stated "My work spreading the word among the Republicans is like a Biblical story of Jesus spreading the word among beggars and prostitutes." Interesting comparison huh!

During question time, Mr. Buck was asked why he was not a Precinct Committeeperson. His response was "I went out and got the necessary signatures but the night before I decided I should not file since I did not want to be tied to any organization or issue." For a person or group to be politically effective they must work within the established political system to change things for the better.

Within the Arizona Republican Party this is especially true since it is the Precinct Committeepersons who write the party platform, determines party policy and elects the delegates who go to the national convention.

The average person who is a registered Republican and is not a Precinct Committeeperson has as much chance of improving the party as the Chicago Cubs have of winning the World Series. The Arizona Republican Party is a closed organization. To change things you must be a Precinct Committeeperson.

Also, I found very interesting the portion of his remarks pertaining to "not being tied to any organization". Does this mean that Mr. Buck does not want to be a Republican, or what?

Another question posed to Mr. Buck was regarding the platforms of the Arizona Democratic and Republican parties. His comments were "A Platform isn't really important. Who follows them?" As a matter of fact, the elected officials refer to the Platform when making decisions regarding legislation. The voter can refer to the document when considering how to vote in a race. Also, the state Platform is essentially the first step in getting legislation introduced and considered.

Also Mr. Buck is not happy because the Arizona Democrat Party states in their Platform that they believe in anonymous HIV testing that the sodomy statutes should be repealed, that Lesbian and Gay relationships are equal to those of heterosexual couples and should have the same rights and benefits, that legislation will be introduced to protect persons who are HIV positive, or who have AIDS/ARC, or who are assumed to have AIDS or ARC though rumor or association, from discrimination.

Ed Buck

While the Republican Party does not recognize Gays and Lesbians as human beings, I am pleased that the Arizona Democratic Party has the courage to take the stands they did. Mr. Buck should be also but he is not and that's why he plays down the importance of the Platform.

Mr. Buck was questioned about his support of former Mecham Chief-of-Staff and former Congressman Sam Steiger. He stated that, "Steiger has the wit of Mark Twain, and the intestinal fortitude of Harry Truman." Great, brains and bowels does not a governor make. Also Buck mentioned that Steiger was voted outstanding freshman Congressman. Buck did not point out that in 1974 Steiger was voted one of the "Dirty Dozen", those were the 12 Congressmen with the worst voting record on legislation concerning protection of the environment from pollution.

Steiger was the Chemical Companies best friend. Also need I bring up the "burro-shooting" incident or the "Prescott Crosswalk" controversy. Or, Mr. Steiger's recent brush with the law, with his alleged dealings with the State Parole Board.

Mr. Buck states that Steiger is for a paid Martin Luther King holiday and pro-choice, and that he is a moderate". If this is the case I am 18 years old and thin! Mr. Buck states that Steiger is for Gay and Lesbian rights. He was asked if Steiger would do position papers on this, and publicly say yes, if asked? Buck stated that he would. (We will follow up on this, to see if Steiger will, or if Mr. Buck is sadly mistaken).

Lastly how can someone like Mr. Buck, support a person who was closely affiliated with Evan Mecham. Did we work to get rid of a right wing extremist for another? I think not!!!

Until next time, take care and register to vote.

Gay Paper Denounces 'Outing' And Fires Managing Editor

SAN FRANCISCO CA – The publisher of a Gay community newspaper has denounced "outing" – publicly identifying prominent homosexuals believed to be hurting Gay causes – and has fired the author of an article that exposed a top city official.

Ray Chalker publisher of the San Francisco Sentinel said he was "totally against outing," a practice that has divided the Gay community.

Chalker sad he fired the Sentinel's managing editor Michele DeRanleau May 11 because she ran the May 3 article without his permission and then publicly stated that the newspaper supported "outing".

"She was the acting editor and she took it upon herself to speak for the paper and I didn't give her permission" Chalker said.

Some people in the Gay community support "outing" to identify closeted homosexuals believed to have used their positions to oppose Gay causes.

Chalker sad he was on jury duty and did not know that DeRanleau's article identified the city official as Gay until the paper had gone to press.

Chalker sad the Sentinel has been severely criticized in letters and phone calls since DeRanleau's piece appeared. DeRanleau who has worked at the Sentinel since July said she had informed Chalker beforehand that she intended to expose the officials.. "What he's saying is an absolute lie," she said.

In a column that appeared on the San Francisco's OpEd page May 10 DeRanleau explained why she wrote the article. "As an activist I wanted to serve notice that the Gay press, The Sentinel at least, will no longer adhere to the code of silence when one of our own is harming us from behind closed doors."

She said May 11 "I thought I had Ray's backing... since he hadn't said anything to me about being against outing until today."

DeRanleau 24 said that as a younger person, she favored "outing" because "I think 'Gay' has been treated as a pejorative for too long." She added "I think this generation that is coming up is saying, 'No we're not going to keep people's secrets for them if they're hurting us'."

Chalker 44 said he was opposed to the practice because it could lead to "a sort of McCarthyism" and was making "too many people scared" in the Gay community.

Oral Alpha-Interferon Controversy Continues in Kenya

by Neenyah Ostrom

NAIROBI KENYA - The Kenyan newspaper 'The Standard' reported that although a team of Kenyan researchers think they have "found a formula that can put the AIDS genie back into the bottle", their research has been ignored by the world press because of racism."

"War Of Words Over Kremron" by Charles Ngugi charges that although the treatment low-dose oral alpha-interferon causes AIDS symptoms to disappear and patients to become HIV-antibody negative, the results announced by two Kenyan researchers have been ignored by the Western media.

"They claim to have developed a drug that is capable of reversing AIDS symptoms in a matter of days," The Standard reports. "This has caused much controversy here with Kenyan journalists accusing Nairobi-based foreign correspondents of ignoring the discovery due to racist prejudice."

The two researchers Dr. Davy Koech and Professor Arthur Obel (at the Kenya Medical research Institute KEMRI) are collaborating with Dr. Joseph Cummins a veterinarian at Amarillo Cell Culture Inc. in Amarillo Texas.

'The drug trade name is Kemron.

The drug s given orally to AIDS patients at low doses of about 100 international units per day" Ngugi reports. "... In trials involving 100 AIDS patients - 38 females and 62 males - the researchers report that the drug reversed symptoms to AIDS and cleared most opportunistic diseases associated with AIDS such as cancer, headaches oral thrush and fever."

Many scientists remain skeptical however because of the low number of patients involved in the trial and because the mechanism of action of the drug is unknown.

Even the researchers have not yet come up with an explanation" The Standard reports. "All that they have established is that a patient's blood changes from HIV-positive to HIV-negative when treated with the drug.

The Kenyan researchers have been using a form of alpha-interferon supplied to them by a Japanese company Hyarabashi. The New York Native has learned however that Hyarabashi may have stopped supplying the drug to Koech and Obel.

The Native has also been told by a number of informants that low-dose Oral 'alpha-interferon' is readily available in New York City from a variety of sources.

In a related story the Kenyan newspaper the 'Daily Nation' published an article disparaging the effects of AZT and decrying its high cost.

WHAT'S UP DOC?

Well, TKO's Spring Fling 10 is history, not too good, but history. It proved to be the most expensive campout for club members ever, still everyone in attendance had a good time.

TKO does thank two GDI's and two DL's for their attendance at this year's annual event. Trophies won this year went to Pam of DL for first place in the games and the Trash Award. You ask her how she won the Trash Award, or if you can figure out who was bright crimson at the Graduate last Monday, you will know how and why she won. Coming in 2nd and 3rd were both GDI's. Second place for the games went to "Old Poop", who was on her first run and campout with TKO. Third place and only one vote from the Trash Award went to another GDI, former TKO member, Gary.

Congratulations to all the winners. The TKO membership hopes you enjoyed the cooler daytime temperature, the control fire burning visible at night, the every 15-minute helicopter flights overhead, changing of UNO colors each time Margaret played, the cool evenings, the meals, and in general, everything TKO put out for your enjoyment over this weekend.

This coming Saturday, at IBT's, will be a special day for Desert Leathermen. It not only will be their monthly Beer Bust, but also the hanging of the Club Colors in the bar announcing to all-IBT's is DL's home bar. Congratulations goes out to DL, and if you have time this Saturday, stop by and help one of Tucson's leather clubs celebrate this very special day for them and Tucson in general. Check IBT's ad elsewhere in this issue for more details.

Coming up on June 9, it will be time for the 4th Annual President's Auction at the Graduate. Items can be donated through any President of any of Tucson's clubs or contact the Graduate. If you have any items you would like to donate, if you call the Graduate and leave your message with the bartender, one of the club presidents will call you and make arrangements to pick up your donation.

This year the money raised during the President's Auction will go directly towards the purchase of AZT for those in need, and will be distributed by P.A.C.T. The local presidents hope each of you will be at the Graduate on this evening and purchase at least one item. For entertainment this year, we will have Christine Shade (Miss Gay Tucson 1989-90) and the current Reigning Miss Gay Tucson, Raven. Watch for more details.

Also, coming up in the near future, June 15-17, it is time for the 4th Annual "First Ladies Run". This year's run will be held up in Rose Canyon. Applications should be out in the very near future, at least no later than the night of the President's Auction.

This year will really be a first and special, because two of this year's First Ladies are current crown holders. First Lady of Southern Hospitality Club of Tucson is Miss Gay Tucson, Raven and for TKO, Fiesta de Mayo Queen, Kimberly Ryan.

As this run draws closer, I'll give you more details on this always surprising and interesting run. I'll try to fill you in on some of the announced games, briefly of course, meal schedule, time schedule and any information you may need if you would like to join in on this run.

Another up and coming run that is one of those wet type, is Partner's of Tucson Panda Run. This is a one-day tubing trip down the Salt River. The entry point is just outside of Phoenix and is held July 28. I'm sure applications for this one will be coming out soon, or at least posters announcing the run with more details.

Being just a wee bit tired from the long weekend campout, this column has come to its end. I hope everyone is having just a super fantastic and loving week. Until next weekend be cool, drive carefully, and play safe!

BIT OF THE SOUTH

by Sean Thomas

Well, another great weekend. Saturday night there was a show at the Graduate for Team Arizona, our coordinating group for Gay Games III in Vancouver this fall. The show was fun. Ms. Kenny-Ann was a hoot with her rendition of Madonna's "Vogue". Raven seemed amused by it since that's what she did for the Pageant. It was great, Kenny-Ann.

And Miss Christine Shade was her normal, lively and, as Lee said, "wildself". Girl, rumor has it you are being pursued and there may be wedding bells??? His first name is Scott, from Phoenix, a little bird told me. So what do we call you now, Christine? Just as Miss Raven I noticed is being introduced as Raven Nolan?

Ladies, are these gentlemen responses from your orders for husbands from a few columns back? Of course, you knew I'd give you a bad time. And don't 'Oh Maria' me Christine, you know I love you and always wish you the best.

Enough about my friends' love life. There was an auction as well. Roger acted as auctioneer, with the assistance from Raven during the first half, and Christine Shade the last half. The bidding got a little lively at times, though not quite like Sotheby's, but a hell of a lot of fun. Roger, you did great.

Miss Michelle Kristie did some terrific performances. She's just incredible. Patrick, honey, I'd never seen you perform before. Really like it girl. You peed! It was good to see such good support for Team Arizona. They will see that we are represented well.

Just as our very own Miss Gay Tucson, Raven, has "in Phoenix when required" and here at home whenever possible. Raven you were hot in the show. We love ya girl!

Please read the paper for dates and attend local functions when possible. One people, one community.

The President's Auction is coming up June 9th. It's for a good cause, so please attend. Look for more details in next week's paper.

And finally, our next General Council (Southern Hospitality Club) meeting will be Monday, June 4th at 7:00 p.m. at the Rainbow Room. You're all welcome to attend. We'll be making plans for the picnic June 24th. I hope you're planning to attend. Let's stand up and show our pride, as well as have a hell of a good time.

Gary, thank you for being there for me last Saturday at the President's meeting. Oh, and welcome home, Gary Clark. I hope there's going to be one of those great satirical comic strips we love so much. Please!

Till next week, Sean 323-3780.

News from MCC Tucson

This past Saturday, May 26, the congregation of MCC/Tucson made a historical decision. The property and buildings on North Mountain will be purchased by MCC/Tucson. The Building Committee presented the property to the entire congregation with a viewing and inspection between the hours of 1:00 and 4:00 p.m. A special Congregational Meeting was held at the present address, 560 S. Stone. By an overwhelming majority, the congregation voted to accept the property as negotiated by the Building Committee. The tentative move-in date is October 10, 1990.

This coming Sunday, June 3rd, will be celebrated as Pentecostal Sunday. Known as Fiesta de la Pentecost by MCC/Tucson, the Morning Worship Service will present three speakers instead of the usual sermon by our Pastor. Two of the speakers will be Dolly Corbin and Bob Heibert, the third speaker is to be announced. Immediately following the Morning Worship Service will be Fellowship Hour where a birthday cake will be served honoring all birthdays in June. Then, following the Fellowship Hour, the Administrative Council will have their regular monthly meeting. Our new council member, Peggy Terlisner-Willey, who was newly elected to this position last Saturday, will formally start serving her term at this meeting.

Also, last Saturday evening, our monthly Bingo games were held on schedule. Those in attendance, besides winning cash prizes, enjoyed an evening of fun and relaxation. Except those who needed just one more number to be called to win a Bingo before someone else, who also needed only one number to win a Bingo.

A View From The Rock

Commentary from Cornerstone Fellowship

I love to go camping and, more than anything else, I love the quiet solitude of watching the sunrise. I remember one morning, watching a beautiful sunrise and knowing it was the beginning of a glorious day. Bright orange streaks slowly broke across the sky, transforming the dead colorless gray into a panorama of life. Then I saw it, the first small pinpoint of the growing sun, so bright that I could not look at it for long. But then a large, black, ominous cloud slid across the sky. In a matter of seconds the sun was gone.

I was disappointed for a moment. But then I saw the brilliant rays of the sun burst forth from behind the cloud, creating an iridescent abstract in the sky. What a singularly glorious moment!

That is what the Lord Jesus Christ does with the dark clouds of our anger, grief, pain and loss. He is the brilliant Sun that penetrates the darkest clouds. He can bring the warmth of His love to a life blackened by the clouds of despair.

Won't you allow His light to break through and shine in your life? He is right there, behind every cloud that casts its shadow on your life. He is waiting for you to call on Him. Earth has no sorrow that Heaven cannot heal.

"The Lord is my light and salvation -- whom shall I fear?
The Lord is the stronghold of my life — of whom shall I be afraid?

PANIC DEFENSE

SALT LAKE CITY, UT - A 3rd District Court jury has ruled that a 28-year-old construction worker was acting in self-defense when he stabbed to death a man allegedly making homosexual advanced toward him.

Marty Ray Withers had been charged with second-degree murder for killing Darrell N. Webber, 39, on April 7, 1989, in a parking lot behind a paint store.

A six-man, two-woman jury took less than two hours to acquit Withers after a four-day trial. Withers testified he had been drinking heavily through the afternoon and evening of April 6, 1989, and blacked out. He awakened to find himself with "a strange man, in a strange car, in a strange place."

The man's pants were down around his ankles and he was tugging at Withers' trousers, the defendant testified. When the man rolled on top of Withers, they "wrestled" for several minutes, Withers testified.

"I was scared to death, I feared for my life," Withers said. "And I wasn't about to let anybody do any homosexual things with me."

Figuring "it was me or him," Withers said, he managed to pull a folding knife from his pocket and stab the man.

Autopsy reports and testimony from Withers indicate Webber was stabbed first behind the right knee, which caused him to lose large amounts of blood. The struggle continued inside the car until the man weakened from blood loss. Withers then stabbed him in the chest and fled on foot.

Five days after the killing, Withers turned himself in.

A COMMENTARY BY

Prejudice: Thy Name Is Mills College

How ironic.

Earlier this month, trustees of 138-year-old Mills College in Oakland, California, announced their plan:

Because of years of declining enrollment --and the possibility the college might have to close permanently due to financial problems-- men would soon be eligible to attend what had always been a "women only" school.

The young women students at Mills, and alumnae young and old, protested loudly and often, not missing a chance to take advantage o the media's presence.

Their biggest argument: men in classrooms would repress a woman's ability to speak freely, would encourage "male sexism" in school. Come again? Can they really be serious? They are so afraid of sexism, just what do they think they, themselves, are practicing? Human kindness and understanding? Not quite.

The women held a two-week strike, held silent protests, loud protests-- and, surprisingly, won. On May 18, the trustees changed their mind, announcing their decision with the banner "Mills --Women again."

If Mills had been a "men only" college trying to bar women, women around the country would stand in unison, the word SEXISM sounding loudly --followed closely by the phrase "We'll sue!"

"Men Only" clubs have fallen to court battles, forcing them to allow women. "Men only" schools have been forced to allow women. Boy Scouts forced to allow girls. And this is how it should be: equality, fairness --not sexism.

But allow men to a women's school? The idea is obviously repellent to some women. It cannot be both ways: either integrate TOTALLY, or stop complaining about "men only" institutions.

CAPSULE COLUMN: A tearful farewell to two greats o the entertainment world - Sammy Davis Jr.; and Jim Henson. It was a particularly bad day, May 16, when word came of the death of these two men; for they were men I had long admired.

Davis, for his incredible dancing, and for his song "Mr. Bojangles" which, truth be known, was the reason I began dance lessons when I was younger. I wanted to do what he sang about. And, although I no longer dance professionally, I still remember how I felt when I first heard him sing that song.

Henson and I go back equally long. His muppets— especially Kermit the Frog— kept a lonely, frequently ill, little child company when the neighborhood kids couldn't be bothered. Kermit first —and, for a long time, only— friends I had. Henson's brilliance, his creative genius, will never be lost —so long as there are little kids in this world.

At Spes Non Fracta: See you next week.

Antibody To Block AIDS Found

NEW YORK, NY - Scientists are reporting that they have identified the first antibody to block the spread of the AIDS virus, opening the door to research on a vaccine.

In Proceedings of the National Academy of Sciences, which was published on May 1, 1990, doctors at New York's Albert Einstein Medical School report that a new medical test found protective antibodies in pregnant women. In a study of 15 pregnant women infected with the human immunodeficiency virus, or HIV, Dr. Ayre Rubenstein of the medical school was able to predict accurately, based on the levels of antibodies, which of the mothers would give birth to infected children in every case. Previous tests have been far less reliable.

In New York, women who are HIV-positive give birth to infected children about 32 percent of the time in a first pregnancy and 70 percent of the time in a second pregnancy, Rubenstein said.

The study is also the first confirmed demonstration that human beings are capable of making antibodies that prevent HIV infection, said Dr. Wayne Koff, director of AIDS vaccine research for the Institute of Allergy and Infectious Diseases.

Koff said that the Rubenstein study showed that the HIV-positive mothers who gave birth to healthy babies had high levels of antibodies against a piece of the AIDS virus known as gp120.

"Maternal antibody to gp120, appears to correlate with protection of the infant from acquiring disease," Dr. John Modlin of Johns Hopkins Medical School said. "It's a very exciting finding. If it's true, it raises the possibility that one might intervene by stimulating levels of antibodies to this protein (gp120) in the mothers to prevent transmission to the child.

The medical test, which was developed by Dr. Yair Devash of Johnson & Johnson, must now be tried in a larger group of pregnant women. "I don't believe it's going to be a 100 percent correlation," Rubenstein said. "But it's going to be the highest ever seen."

Otula Owuor states that Dr. D.M. Owili told a conference in Mombasa on May 3 that "eight out of 12 people included in a clinical research [trial] with AZT have died... The expert said that one of the patients developed bone marrow toxicity and had to undergo blood transfusions. Similar tests with the drug were conducted in Zambia and Zaire and the results seemed common he said."
